INSTORE
**FURNISHED
RENTS FASTER.**

WHY FURNISH...

In today's ultra-competitive property market, landlords and agents aim to enhance their properties appeal by offering furnished spaces.

This strategy acknowledges tenants desire for convenience, eliminating the need to buy and move furniture, thus saving time, effort, and money. Furnished properties also allow potential tenants to faster visualise living comfortably, accelerating decision-making and reducing vacancy voids, leading to quicker rental agreements.

WHY INSTORE...

If your property needs a refresh or tenants urgently need new furniture, our dedicated teams can provide tailored advice and choices, with prompt delivery to ensure satisfied tenants.

Recognising the busy schedules of landlords and agents, we take care of every detail, from collecting keys and liaising directly with tenants to installing new products and removing old items, freeing up your time to focus on other important aspects of property management.

Sustainability

“ We’re committed to fostering a more sustainable future from the procurement of our materials to the entire lifecycle of our products. ”

JAMES GREEN – OPERATIONS MANAGER

Instore – we’re striving for a more sustainable future.

How do we do this?

Working in partnership with ‘*Ecologi*’ - the UK’s leading all-in-one climate platform, we restore five square metres of wildflower, wetland and ancient woodland for every package we provide.

Old mattresses are taken to a local mattress processing centre where they’re broken down into their component parts for recycling.

All cardboard waste is taken to a local recycling centre for processing and converted back into reusable corrugated board.

Wherever possible, we aim to give used furniture a second life by donating it to local charities who redistribute it to people who are most in need.
